

## INDEX SEMINUM 2021

(Index Loxiae)

**Dear plant friends,**

The seed offer 2021 is ready. Due to the continuing global **sanitary dictatorship** the borders of RF and PRC remained (almost) closed. That's why the seed offer for 2021 contains only few new items compared with the 2020-offer. **The current offer is (again) focused on the genus *Iris*.**

### Legend:

**A = 1 €**

**B = 3 €**

**C = 5 €**

**K** = Only very small amount of seeds available, a portion can be reduced down to 5 grains

**C** = cultivation (plantae cultae)

**W** = wild collection

**Minimum value of order**

**30 €, Postage contribution**

**5 €**

Payment only by **bank transfer** or **cash** on the **postal address**:
